

SYNFORM PLASTIC FORMWORK

**Innovative.
Reliable.**

SYNFORM

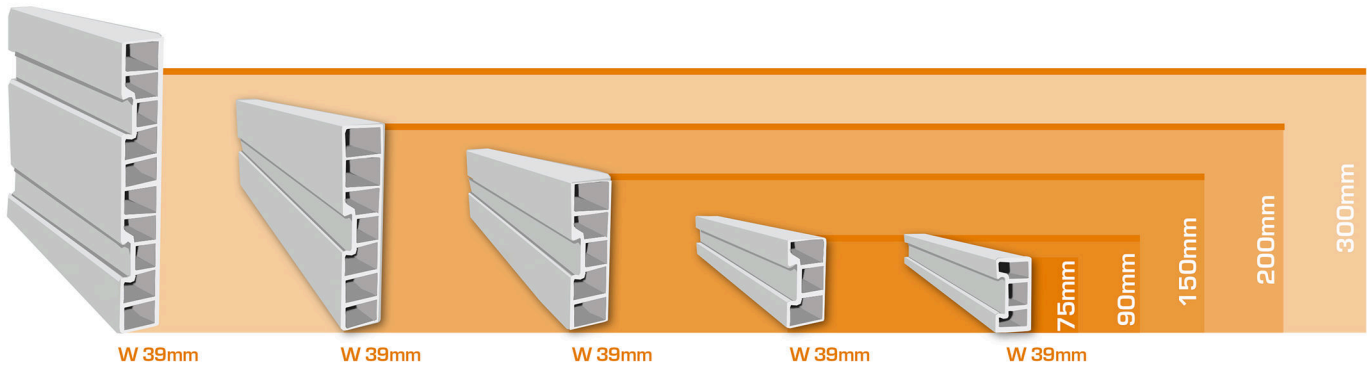

An innovative plastic formwork system that can be subsidised for heavy formwork timbers such as LVL's. Synform is a perfect long term investment that will save on stripping time, setup time and on the amount of timber you purchase year after year!

SUPERFLEX AND FLEXIBLE SYNFORM BOARDS

Flexible Synform Boards

Synform flexible boards are lightweight and are designed to suit many applications. joiners give an almost seamless finish and the camlocks make setting out and adjusting as simple as turn and twist.

Product Description	Product Code
Flexible S-Form Board 75mm x 39mm x 4m	FLX75 - 4m
Flexible S-Form Board 90mm x 39mm x 4m	FLX90 - 4m
Flexible S-Form Board 150mm x 39mm x 4m	FLX150 - 4m
Flexible S-Form Board 200mm x 39mm x 5m	FLX200 - 6m
Flexible S-Form Board 300mm x 39mm x 5m	FLX300 - 6m

SuperFlex Synform Boards

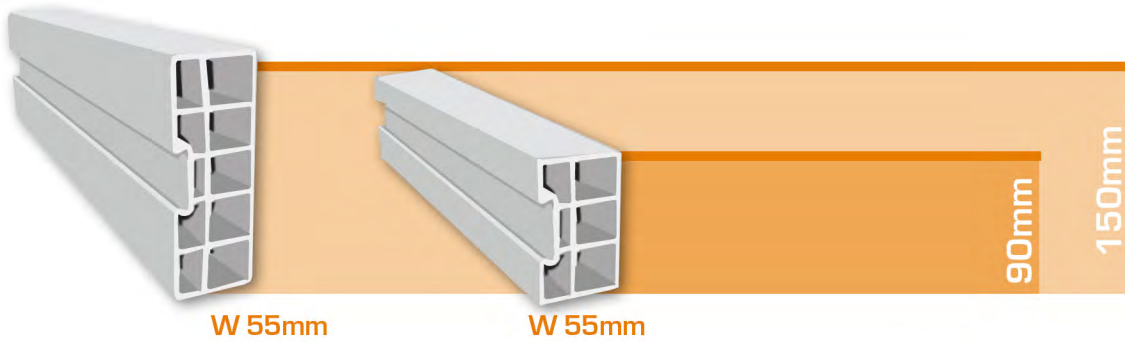

Synform Superflex boards are lightweight and are designed to suit many applications. joiners give an almost seamless finish and the camlocks make setting out and adjusting as simple as turn and twist.

Product Description	Product Code
Superflex S-Form Board 90mm x 14mm x 4m	SFX90 - 4m

Cleaner removes grease, oil and grime from concrete driveways and floors. This product is used in conjunction to the SYNFORM products to remove concrete from plastic formwork components.

- Can be used on coloured concrete at the recommended dilution rate.
- Water based cleaner/degreaser
- Non-flammable
- Biodegradable & non-toxic
- Concentrated for maximum economy
- Can be diluted for general maintenance cleaning and degreasing
- DOES NOT affect rubber, glass, plastic and majority of other metals

Material: Chemical

Product Dimensions (5L) W:190 H:320 L:150

Weight: 5.7kg

Product Dimensions (1L) W:90 H:240 L:90

Weight 1.3kg

Volume: 1L or 5L (Dependant on variation selected)

SYNFORM ACCESSORIES

S-End Connector 75mm

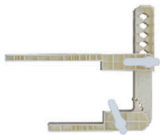

S-End Connector 90mm

S-End Connector 150mm

The end connector simply slides into either the flexible or rigid boards allowing the seamless connection between conform boards.

Adjustable Curb & Gutter Bracket

Used for forming curb and gutter structures along linear and curved street edges. Includes adjustment for various gutter configurations including spill and catch, modular design and reusability.

90° Corner Joiner

Connects Synform boards in a perfect 90° corner.

75mm Hinge Connector

90mm Hinge Connector

150mm Hinge Connector

200mm Hinge Connector

Lightweight and flexible boxing that forms perfect curves by connecting Synform boards and creating an almost seamless finish.

Camlock

Fastens the board to the steel pegs adjusting the board to the desired height by locking with a simple twist.

600mm Steel Peg

300mm Steel Peg

Steel pegs that attach to the boards using the camlock and thus setting them to the desired height.
